2022 SODHANI Reserve Cabernet Sauvignon

Varietal: 100% Cabernet Sauvignon Clones 7

Barrel Aging: 20 Months, 100% New French Oak

Alcohol: 14%

Vintage: The 2022 growing year began with a single early winter rainstorm. Spring saw some showers in March and April, followed by frosts after bud-break. Through the summer we enjoyed classic Napa Valley ripening with even, moderately warm days and cool nights until Labor Day kicked off a severe 8-day heat wave. But we were in a fortunate geographic position with higher elevation on the west side of the Valley being shielded from the sun. While our vines are off the valley floor, we enjoyed evening cooling and afternoon breezes which can extend the time to maturity. The 2022 vintage should prove to be a rich vintage of lush fruit, great complexity, and balance.

Tasting Notes: The 2022 Cabernet Sauvignon is a stunning wine that captivates with its enticing aromas of cherries, pomegranate, and carrying a wave of juicy black raspberries before leading onto a mouthwatering palate that is well-structured yet elegant. On the first sip, you'll experience a smooth, lush entry that unfolds into a rich palate finishing with creamy vanilla, mocha, and refined cocoa flavors tannins. This wine is ready for early and frequent consumption with a juicy exuberance that makes them approachable pleasing those seeking more immediate pleasure.
